MANY AUTOISTS VIOLATE ONE WAY TRAFFIC RULING

Burgess Calls Attention to Fact That Shakespear Street in One-Way Thoroughfare

This is the regulation that shakes Shakespear street between Mack and Shamokin, a one way thoroughfare going west.

Some of the big industrial concerns and the houses, according to council burgess Shaker, are violating this part of the regulation. They use the street for outside traffic, as well as to go west, in the face of the sign post which is placed at the street intersection warning all drivers that it is a one-way street, west only.

DEFECTIVE FLUE IS CAUSE OF A SLIGHT BLAZE

Two fire alarms sounded last night shortly after nine o'clock called out the entire department to Box 64, at the intersection of Shamokin and Willow streets, to extinguish a small blaze at the house of James Christiano, which was caused by a defective flue.

One of the members of the family, having occasion to go to the basement of the Christiano home, noticed smoke emerging from a crevice of the floor near where the furnace is located in the basement.

An alarm was immediately sent in and only a few moments later some excited persons sounded an alarm.

Chemicals were used to extinguish the blaze and Mr. Christiano says the loss is negligible.
